

Does your child miss the cut off for Kindergarten? Are you thinking of repeating Pre-K but would prefer an Accelerated program?

Ivy League's Accelerated Pre-K Program will offer them a chance to get ahead!!!

- Our Accelerated Pre-K program is designed for students who miss the public school cutoff date for Kindergarten or for parents who would like their child to have an extra year of school before Kindergarten.
- Our accelerated Pre-K program recognizes that children will soon be entering Kindergarten and that there will be a range of expectations for academic and social performance.
- This program will prepare them for Kindergarten by introducing more advanced concepts in math, reading, and writing. We will introduce guided reading groups and focus on comprehension and decoding skills. In math we will introduce addition, subtraction, time, measurement, working on patterns, and problem solving.
- We will utilize our Technology Lab, Foreign Language, Hands-on Activities, Physical Education, special classes such as Yoga, Dance, and Music to create a hands-on environment where your child will be able to grow and excel.
- At Ivy League Pre-School we always provide a positive, stimulating environment for students to grow socially, emotionally, cognitively, and physically.
- Our goal is to make learning fun and engaging so they love exploring new concepts and theories. This will help all children make a successful and seamless transition to Kindergarten.

New Program for 2019-2020
