

Ivy League Pre-School

Referral Incentive and New Family Promotion

As a goodwill gesture to our loyal families who enroll for the 2021-2022 School Year, we are offering a Referral Incentive Program.

We will send you money for every NEW Student you refer to ILPS and enrolls for the 2021-2022 School Year!! The referral fee will be paid out after the new student completes four consecutive months.

Refer a friend or relative who has never attended Ivy League Pre-School. If that friend registers for school and completes this Referral form with your name, you will receive \$150 for the first Student, \$100 for the second Student, and \$75 for every Student after that.

The following rules apply:

- New families must have never attended ILPS in previous years
- New family must complete the school year
- No limit on the number of referrals
- \$50 for Mommy & Me and Transition

*New family MUST complete and submit Referral form within 30 days of NEW student registration in order for incentive to apply.
